

## THE SEARCH FOR AUSTRALIA'S ENTREPRENEURS OF THE FUTURE

Kidpreneur Challenge is a national competition run in Term 2 and 3 for years 4, 5 and 6, showcasing and celebrating the innovation capacity of Australia's young entrepreneurs.

- The Kidpreneur Challenge is a national primary school-based entrepreneurship competition for 8-12 year olds showcasing the talent and creativity of Australian children.
- Students work in small teams to build a micro-business, sell products at market, donate profits to charity and pitch their ideas to entrepreneurs via video. 10 teams win the title Kidpreneurs of the Year and are celebrated during Global Entrepreneurship Week.
- The program is taught by school teachers who are supported by a comprehensive online curriculum and resources. Aligned to the National Curriculum, in addition to Maths, Science, English, Arts, and History, the program builds critical soft skills of resilience, creativity, problem solving, negotiation and self-belief.
- Running for the second time in 2017, the Kidpreneur Challenge will run in schools nationally from April to October during Term 2 & 3, culminating with the 'video pitching competition' in September & October, judging in late October and celebration in November.

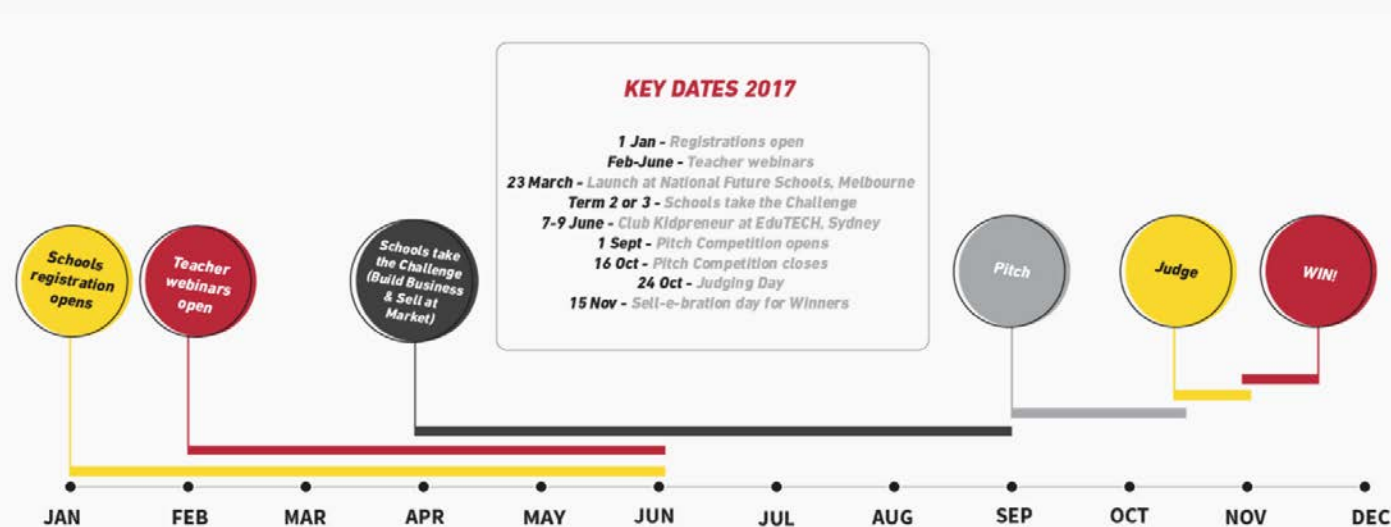

Teachers are supported with a comprehensive Entrepreneurs of the Future Educator package including:

- Lesson plans mapped to multiple ANC 8.2 key learning outcomes for years 4, 5 and 6
- Teacher training manual and professional development opportunities
- Education and entrepreneur ecosystem connectivity online for wisdom sharing and access to vital resources to enhance the program in your school.
- Club Kidpreneur support
